**IN-HOUSE COUNSEL**

### Below is how it works:

- 1** We meet face to face with your Beneficial Owners or Directors to reach acceptance standards. Fees are discussed only at this meeting. First meeting is absolutely FREE.
- 2** If we accept you as a client and you are happy with us, a retainer agreement is signed between us, with an acceptance fee payable to get us started, invoiced you after signing.
- 3** Then a economical monthly flat rate retainer fee is then billed you at the end of every month. This rate is reviewable once we have been on board with you for 6 months and got the feel of things re the actual workload involved.
- 4** Then you sit back and watch your sales go up when word gets out that you have lawyers on board enhancing the creditability of your company.
